

ACKNOWLEDGEMENTS

I express my sincere gratitude to my first advisor Dr. Alex Hankey, for his continuous support for my PhD study; for his patience, motivation and immense knowledge. His guidance helped me in all the time of research and writing of this Thesis. I could not have imagined having a better advisor and mentor for my PhD study.

Secondly, to the two enlightened ones, I owe it to you both. The most brilliant, PhD guide in the world, beloved Guruji (Dr.H.R.Nagendra), who **gave me a Vision for life - 'To Be and Make'**. ***I am overwhelmed to have Guruji as my second guide, who taught me to convert my dreams in reality, to the eternity.*** I cherish the direct, mind to mind and heart to heart synchrony with Guruji, the second Swami Vivekananda in my Life. Mohanji, for being my Guardian and Vedanta Angel, in Prahsanti, who blessed me with abstract teachings of Adishankaracharya.

Thirdly, to my cheerleader, Dr.T.M.Srinivasanji, who was always keen to know what I was doing and how I was proceeding; a significant moment was reached, through Sir's moral and emotional support, at the most critical phase of my Thesis. Many Thanks, Sir! Fourthly, to Dr. Nagarathna Didi, for inspiring, Dr.Ramchandra ji Bhatt, the Vice-Chancellor and Dr.Shridharji, then Academic Dean, for the valuable inputs on Sanskrit. Dr. Balaram Pradhan for his great support in statistical analysis and Vidvan Surendra for Sanskrit grammar section of my Thesis. With a special mention to Dr.Sushil Chandra and his team at DRDO-INMAS, Delhi, for their outstanding support in conducting the EEG experiment and for data analysis, for the Brain Wave Coherence and Synchrony section, in their lab for my study. My family for giving me freedom and trust, an infinite spectrum of love and care, to march towards this journey.

And finally, ***my Guru Swami Madhavananda***, (Dr.Madhav Nagarkar), Pune-India, for instilling the seed of awareness and Universal Consciousness (Swa-Self) in me and letting it to grow by divine plan; with your infinite blessings, trainings on Science of Meditation; letting me to grow spiritually and academically, in the courtyards of the *Prashanti Family*. I feel blessed to be a part of '***Guru Parampara System***' (GPS) laid by the guru of all, Shri Adi Shankaracharya and Saint Jnaneshwara.

One and all, Thank you for all your best wishes, and prayers!
